

# Introducing CHROMINE<sup>™</sup>

ChromineX<sup>™</sup> is a platform that IT Tech has created for chromatography products from those potential but low-profile manufacturers all around the world with one purpose, that is to bring down customer investment without jeopardizing the result quality of their analytical work.

ChromineX<sup>™</sup> will continue to enrich its portfolio ranging from vials, caps, syringe filters, GC/LC general supplies and their columns etc. Please stay tune for more interesting programme.

## ChromineX<sup>™</sup> Portfolio:

- Vial & Cap
- Microvolume Insert
- GC Column
- HPLC Column
- Chromatography Syringes
- LC supplies
- GC Supplies
- Safety containment
